

Infosheet get-together

Important information before the get-together

By participating at the get-together you confirm to have read and respect our Safety and Code of Conduct guidelines as well as the Terms and Conditions, both elaborated below. You also confirm that you have reached the age of 18 years and hence are of legal age.

Please listen to the podcast episode corresponding to the topic of the get-together that you will join. This will help you to be prepared and to be able to ask your questions. You can find the needed links below.

You are free to join the [WhatsApp Community](#). However, please note that by joining the community, you accept the Terms of Use from Whats-App. You must be of legal age to join the WhatsApp community as well. If you respond to posts or write messages in the community, all participants can see the "WhatsApp name" you have entered, as well as the first and last 2 digits of your phone number (which means that they'll know what country you are from). Without interaction, the number remains unrecognisable to the other members.

Safety & Code of Conduct

The get-together is an international online meeting. People from all around the world are joining, which is great! This also means that we all come from different backgrounds and various cultural understandings. We ask you to be aware of this diversity, accept different points of view and engage in a respectful manner. Of course, racism, sexism and alike are not opinions / points of view and should be reported immediately.

The idea of the get-together is to get in touch and discuss the respective topics with new people. Also, our team does not know everyone joining the event! Therefore, we ask you to share your contact details with caution. To keep in touch, you can join the young@mission21 network on social media and subscribe to our newsletter.

If you do not feel comfortable or someone is getting too close to you or if there is an incident with another participant, please report this to us (via WhatsApp at 0041 61 260 22 88 or at young@mission-21.org). You can turn off sound and video anytime.

Not everyone likes their pictures or screenshots of their engagement to be taken. We understand and appreciate your wish to do so, for example to share your excitement about the event with others. However, if you want to take pictures or screenshots, we ask you to make sure everyone whose picture, video, name or alike is visible is comfortable with this and agrees to you taking a picture or a screenshot. This also applies to other forms of recording for any possible purpose.

Terms & Conditions

The get-together is an international event that aims at intercultural exchange and networking. By attending the get-together, you confirm that you will behave in a respectful and tolerant manner towards other participants, administrators and speakers. Verbal attacks, discrimination, sexism or racism will not be tolerated and may lead to exclusion from the event and legal consequences. The same applies to the publication of advertisements or offensive content (pornography, violence, etc.).

For publication purposes, parts of the get-together may be captured in pictures. Those who wish to have their images excluded from publication can notify us by sending an email to young@mission-21.org. With your registration you have accepted Mission 21's Privacy Policy.

Since not everyone can see the list of persons who wish their images to be excluded, we ask you to make sure everyone agrees to it when you take a picture or screenshot yourself. This also applies to other forms of recording for any possible purpose.
